Sounds good, Ben. I just accepted a meeting invite from Carl for 2 pm tomorrow. So looks like we're briefing him tomorrow afternoon, unless you were talking about a separate briefing in the morning? Anyway, I'll give Jim Sallans and Valero's attorney a call to help get answers on 1, 2 and 3 below.

Ed and David,

Thanks for the follow-up. We need to brief Carl and Pam tomorrow morning. We need to address the following questions:

1. Location of these samples at this time/under whose possession
2. Date/time collected (I saw this info. in the tables)
3. When (date) did they ask us to analyze these samples
4. Are we proposing to provide them our method
5. And few more questions, lets discuss

We need to call Wes and Jim again.

Ben

FYI – The attachments from TCEQ's attorney include a listing of the two Valero samples and the six City of Corpus Christi samples the State is asking us to analyze – eight samples total.
